Press Release

29th April 2010

**Toyota Motor Corporation Announces Recall of Toyota SEQUOIA,
Hong Kong Not Affected**

Toyota Motor Corporation (TMC) has announced the recall of Toyota SEQUOIA with production year 2003 sold in the USA. We at Crown Motors Limited (CML) do not sell the said model, and our customers are not affected by this recall.

The manufacturer in Japan has made this recall due to an update in the Vehicle Stability Control (VSC) software. The system uses computers linked to sensors to detect when the car starts to drift in turns and then applies more brake power or less engine power to keep the vehicle on track. The VSC provides extra safety protection for the driver and passengers, but it is not essential for the operation of the vehicle.

For enquiries, please contact our Customer Care Hotline at 2880 1395.
